## About Us

Sodche Petroleum Limited is a startup independent indigenous upstream exploration and production oil and gas Nigerian company. Sodche has been formed from the foundation of bringing a new edge into the upstream sector of the oil and gas market by a group of veterans that have made solid marks in the sector and are still making. Perfection and innovation have always been the way of life of the management line of Sodche petroleum. Through these solidities they have stood out in the past; these and more are what they bring into the upstream exploration and production sector of the oil and gas industry, to function in a safe and sure environment, producing top notch quality products with much less overhead cost and time.

Over the years hydrocarbon remains the trend in the world energy mix, while the necessity to ensure clean and high environmental standards as well as recent global economic challenges, place a lot of pressure on the industry to find innovative methods for extraction and processing. This trend has been the birth mark for billions of dollars in revenue in the oil and gas industry. With the present cluster of numerous upstream companies and demands at its peak, it becomes imperative to ensure quality partnership with a company with foresight with the innovative edge to cut through the market needs at record time with matchless standard and quality solutions.

Sodche Petroleum possess the expertise across a broad range of technical, commercial, production systems optimisation and process improvement. At a time when the oil and gas industry in Nigeria is undergoing profound changes both in terms of significant Asset transfers from the International Oil Companies (IOCs) to Indigenous players, and significantly lower oil and gas prices; Sodche Petroleum makes available unrivalled services from core group of tested industry professionals to clients in a way that helps them achieve production objectives in very cost effective ways whilst ensuring the highest levels of best practices.

## What we do

“

Sodche Petroleum is an independent oil and natural gas producer in the Nigeria. Our focus is on streamlining the upstream production and recovery, we will acquire and prospect into newer opportunities in Nigeria, whilst realizing the potential within the industry through safe and innovative exploration activities.

”

# Our SERVICES

We optimize and integrate the delivery of various upstream activities using our core specialist areas of expertise: technology, finance, procurement, human resources and advanced information technology.

## Upstream Services

### Upstream Oil and Gas Exploration and production

Exploration and Production is our core expertise; we specialize in locating and discovering oil and gas resources in short time, minimal risk and within budget.

Our Upstream-related oil and gas services incorporates and enhances delivery through seismic and geological services, drilling & completions, and advanced production techniques.

Other areas of focus include multilateral drilling technologies, non-invasive drilling fluids, swell packer stimulation technologies,

coiled tubing expertise and benefits, innovative pumping technologies, non-traditional well configurations, and geo-steering of horizontal wells in real time.

Sodche Petroleum Limited is committed to driving these innovations in the indigenous local market of Nigeria and beyond.

# BUSINESS

## OUR STRATEGY

Pursue acquisition and strategic partnerships with asset owners

- Our primary focus is on opportunities where our operational efficiency, reservoir management and geological expertise will enhance value and returns.
- Our top priority is the safety of our employees, protection of the environment, and the communities in which we live and work
- Maximize production and cash flows from operated assets owing to the fact we are 100% indigenous.

### Our People

At Sodche Petroleum, the strength of our company is in our people and, as such, each employee and their family's well-being come first. We take care of our employees and in turn, they take care of our clients.

We have people with the wealth of experience required to ensure delivery in a timely manner.

### Leadership

Sodche Petroleum leadership is founded on getting the right personnel in the right positions. Our talented, enthusiastic and creative leaders have the responsibility to lead by example, make sound business decisions, mentor future leaders and deliver business systems that work for our employees and clients.

# NESS

## Company Mission & Vision Statement

### Our Mission

Our mission is to provide superior service quality, optimized turnaround time and innovative solutions in a safe and secured environment.

### Our Vision

To be a world-class African leading upstream petroleum company delivering first-class value to the exploration and production market.
